

GSP 602

This is the sound of victory

Created for the passionate and quality-minded gamer seeking the best sound performance in their game audio, the GSP 602 closed acoustic gaming headset delivers the competitive edge. High audio fidelity, acoustic clarity and exceptional realism add a higher impact to your gaming experience, providing for pin-point details and faster reactions.

For superior team communication, a microphone with flexible boom arm adjusts for optimal voice pick-up position and is designed for passive background noise reduction. The lift-to-mute feature gets you off the air instantly. The closed acoustic design and ergonomic ear pads of the headset provide for excellent passive noise attenuation even in the noisiest environment, and a volume control on the right ear cup allows for on-the-fly adjustments.
